

# UNITED WE FIGHT. UNITED WE WIN.

LIVE UNITED®

**U**nited Way fights for the health, education and financial stability of every person in our community. We win by living United. By forging unlikely partnerships. By finding new solutions to old problems. By mobilizing the best resources. And by inspiring individuals to join the fight against our most daunting social crises.

We are more than fundraisers. We are hand-raisers. Game-changers. When we Live United, we take on challenges and tackle problems together. Here are just a few of the ways our game-changers have impacted our community for the better in 2016-2017:

- .....
- **27,215** people were provided resources to secure basic living needs and provide independently for themselves and their families.
- 1 in 5 seniors in Tennessee is hungry. Meals on Wheels delivered **17,000 hot meals** to senior citizens, improving their health and independence.

- A U.S. military veteran commits suicide every 65 minutes. At S.A.F.E., **325 local veterans and their families** received free counseling to better manage the impact of military service.
- In partnership with the City of Clarksville, United Way volunteers constructed a **Born Learning Trail** that helps parents and caregivers create interactive outdoor learning opportunities with preschool-aged children to improve school readiness.
- Joining hands with YouthCan, United Way helped **1,100 low-moderate income youth** ages 16-24 overcome barriers to complete their education or career goals.
- Through the Crisis 2-1-1 Call Center, **9,963** individuals received crisis support and intervention.

.....  
United Way is fighting the fight and scoring big wins. We have one life. To live better, we must Live United.

**78,000**  
lives were improved because United Way game-changers raised their hands to help.
