pre-K children were helped
to achieve school readiness

Making an Impact: Greater Clarksville

United Way is hard at work in Montgomery, Houston and Stewart Counties. Together, we are ensuring every child has access to a high-quality education, every person's basic needs are met and no one lives in poverty or poor health. Greater Clarksville is a special place to live and work and we are proud to partner with local community members, corporate partners and nonprofit organizations to create brighter futures for our neighbors.

United Way of the
Greater Clarksville Region

A Look at Our Work

Volunteer Income Tax Assistance

Each year, United Way volunteers help thousands of low-income and at-risk taxpayers prepare their taxes through the VITA free tax prep program. In 2023, we offered in-person and virtual VITA tax prep at the Clarksville-Montgomery County Public Library.

Addressing Homelessness

The City of Clarksville, TN, recognizes the pressing need to address the challenges unsheltered citizens face, particularly in areas such as behavioral health, street outreach, trauma-informed care, and housing onboarding. To effectively meet these needs, the United Way of the Greater Clarksville Region has proposed a comprehensive professional development program for local non-profit organizations. By utilizing Community Development Block Grant (CDBG) funds, we aim to empower local non-profit organizations with the knowledge and skills necessary to serve unsheltered citizens effectively. This program will improve service delivery and contribute to the broader goal of ending homelessness and promoting the well-being and stability of individuals experiencing homelessness in Clarksville.

TBRA PROGRAM

TBRA Program

The United Way of the Greater Clarksville Region (UWGCR) & City of Clarksville's Neighborhood and Community Services (CNCS) ARP-Tenant Based Rental Assistance (UWGCR/CNCS ARP-TBRA) program assists very low-income families, the elderly, victims of domestic violence, and aged-out foster children to afford decent, safe, and sanitary housing in the private market. Through the program, applicants will have the opportunity to be referred to wraparound services that will help them achieve self-sufficiency, such as credit recovery assistance, mental health support, and referrals to affordable medical care, etc., through agencies that partner with UWGCR.

211 Crisis Line

A 24/7, 365-day information and referral help line that provides individuals in need with help in times of crisis and beyond. Staffed by trained specialists and supports a database of more than 10,000 health and human service programs.

Funded Programs and Partners

Our Budget and Allocations process mobilizes resources to provide results-oriented funding to nonprofit agencies serving Stewart, Montgomery and Houston Counties.

Funding recommendations are made by a dedicated group of community volunteers and are approved by our Board of Trustees. In 2022, we put \$532,709 back into the Greater Clarksville area through our Budget and Allocations funding.

connections to the community and
improved their social/emotional
wellbeing

143
individuals were helped to obtain
and maintain employment

We offer many ways to volunteer or get involved and give back to your local community through United Way.

VITA Volunteers: Provide free tax preparation services to low- to moderate-income taxpayers. No experience required.

Adopt-a-Family Christmas Program: Workplaces, families, civic groups, or individuals can apply to sponsor a family in need. Families who need assistance apply for adoption and will be given the opportunity to list reasonable gift ideas and needs for each family member. United Way accepts both adults and children as participants in the program, so a “family” in need can range anywhere from a veteran, an elderly adult, or parent(s)/guardian with children in the same household.

Patricia Hart Society: Named for the late Patricia Hart, a Williamson County resident and community volunteer, the Patricia Hart Society is a vibrant group of dedicated United Way supporters, of all ages and backgrounds, who work to strengthen literacy for all children in our communities.

Young Leaders Society: United Way’s Young Leaders Society is a network of passionate young professionals creating lasting impact in their communities.

Days of Action: Three times a year, we offer community-changing volunteer opportunities that highlight our work in the community.

Tocqueville Society: Through annual gifts of \$10,000 or more, Tocqueville Society *Alpha Chapter* donors create a strong foundation for our community so that every child, individual and family thrives.

Local Volunteer Opportunities: We work with our partners throughout Clarksville to connect them to projects and work within the community through churches, nonprofits and government. Contact your local office to be connected today.
